

LayOn Veneers as A Service :

By forging long-term strategic partnerships with you, we can offer you layon veneers in fixed sizes for panels and doors as well as furniture production.

Our Value Proposition:

-  To cut down your Wastage.
-  To cut down your Manufacturing Time.
-  To offer you Best/Premium Quality Layons.
-  To help you Reduce your Inventory to Zero Resulting in Limitless Growth (you only buy Layons which has also been approved by your customers, i.e. back to back basis).
-  To Reduce your Capital Expenditure on Plant, Machinery & Working Capital of Veneer.
-  To keep your Profit in your bank and not stuck in inventory.

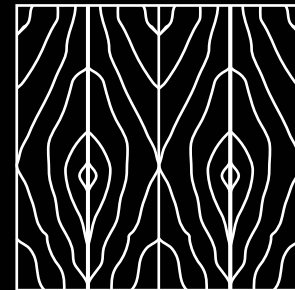

Our Layons are made from our high-quality raw veneers and under our strict supervision. In addition to the **thread-less, edge-glued joint**, we can also offer the **traditional zigzag glue** in case if you may still prefer it. You can choose between Book matched, Slip matched, Random matched, Reverse Slip matched (Head & Tail), End matched and any Special match as per demand.

We can use any of the wood veneer species which we keep in stock regularly in natural & dyed variants. As a service, we can also offer long term supply of **Veneer Layons pressed on Fleeceback or on a substrate of your choice upto 13ft Lengths.**

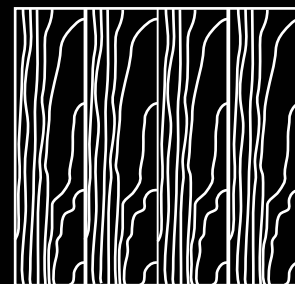

Our state-of-the-art machines with very high precision and made of a special steel blade, can cut precise length as one wishes which results in premium sheets, ensuring seamless application to furniture, cabinetry, and architectural elements.

We have the most modern integrated Glue based Splicer having high production speed which gives **Premium, Edgeless, Mark-less** finish to Layon sheets.

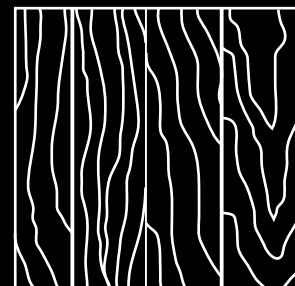

We have a dedicated production facility and in-house team that is specially trained in the high precision cutting and gluing of veneers to produce a variety of quality veneer layons for different applications. We are able to guarantee the best possible color and grain matching for **Natural, Dyed, & Reconstituted veneers**, resulting a truly bespoke and visually stunning result in an elegant flawless finish and an overall impressive aesthetic design of the Veneer Layon.
